

Working in Partnership

The Triangle Lunch Club

The Triangle Lunch Club 2016/17

Enjoying our Christmas Meal

Give Thanks for

- ❖ For Martin coming in twice a month to help with the cooking and our volunteers who give their time to serve.
- ❖ A gift of £200 from the rotary club & £400 from the John James Trust
- ❖ The opportunity to befriend the people who attend the lunch club
- ❖ A time for people to socialise and to build relationships and have fun.

Concerns

- Growing numbers of people with dementia in our community and how we has church support them.
- How we as church can engage with older people within our community reaching them for Christ
- We are out growing the back hall and would like the new extension to reflect the need for a larger room that could also be divided up into smaller rooms when needed.

Our Challenge

- ❖ To be a witness to the people who come to the club.
- ❖ To provide a high quality meal for people using good produce
- ❖ To encourage activities that stimulate fun and a sense of wellbeing
- ❖ To maintain our excellent team of volunteers
- ❖ How we work with older people in the community through various events and church activities.
