

Summer 2017 ... somewhere in Moldova

Recently Andrei, the pastor of our partner church in Burlacu, had the joy of baptising nine people in his church one Sunday.

You can see all the people, mainly young, standing beside Andrei.

The church building is absolutely packed full for the baptism service.

Of course they don't have a baptistry inside the building and so have to use a large children's pool outside! The weather at this time of year is inevitably warm and sunny you'll be pleased to hear. He is actually baptising his eldest daughter, Emma, here.

As usual each summer the church hosted and ran a children's club for a week. What an amazing variety of activities!

Here are some of the happy children with Ghenadi and Ana, the youth leaders, in the front. We know some of the children from our visits to Burlacu.
